Attorneys for Defendants
NATIONAL BOARD OF MEDICAL EXAMINERS
AND FEDERATION OF STATE MEDICAL BOARDS

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

CORNELL WELLS, JR.,

Plaintiff,

v.

NATIONAL BOARD OF MEDICAL
EXAMINERS, a not-for-profit corporation;
FEDERATION OF STATE MEDICAL
BOARDS, INC., a not-for-profit
corporation,

Defendants.

Case No. 3:21-cv-01279-JSC

**FEDERATION OF STATE MEDICAL
BOARDS, INC.'S ANSWER TO
PLAINTIFF'S FIRST AMENDED
COMPLAINT FOR DAMAGES AND
STATUTORY PENALTIES;
DECLARATORY AND INJUNCTIVE
RELIEF; AND DEMAND FOR TRIAL BY
JURY**

Defendant Federation of State Medical Boards, Inc. (“FSMB”), by and through its undersigned attorneys, hereby answers the First Amended Complaint for Damages and Statutory Penalties; Declaratory and Injunctive Relief; and Demand for Trial by Jury (Dkt. 51) (“FAC”) of Plaintiff Cornell Wells, Jr. (“Plaintiff” or “Dr. Wells”). FSMB denies that it has violated Dr. Wells’s rights in any way and answers the allegations in the numbered paragraphs of the FAC as follows.

INTRODUCTION

1. This Action arises out of a violation of Title III of the federal Americans With Disabilities Act (“ADA”), as amended by the Americans With Disabilities Act Amendments Act (“ADAA”) of 2008, P.L. 110-325, codified at 42 U.S.C. § 12181, *et seq.*; and violation of California’s Unruh Civil Rights Act (“Unruh Act”), Cal. Civil Code § 51, which also prohibits discrimination against any citizen of the State of California on the basis of disability.

ANSWER:

FSMB admits that Plaintiff purports to bring claims under Title III of the ADA and California’s Unruh Civil Rights Act (“Unruh Act”), but it denies that it has violated either act.

2. Plaintiff CORNELL WELLS, JR. (“Plaintiff”) alleges that Defendants NATIONAL BOARD OF MEDICAL EXAMINERS (“NBME”) and FEDERATION OF STATE MEDICAL BOARDS, INC. (“FSMB”), individually and in concert with each other, have engaged in a severe and pervasive pattern and practice of discrimination against Plaintiff on the basis of disability in violation of federal and California law by failing to accommodate his disabilities in the provision or administration of the United States Medical Licensing Examination (“USMLE”), which Defendants jointly administer in the State of California and throughout the United States.

ANSWER:

FSMB admits that it owns the USMLE along with NBME. FSMB denies the remaining allegations in paragraph 2 and states that the USMLE is administered by a third-party vendor.

3. Plaintiff respectfully requests injunctive relief under the ADA/ADAAA.

ANSWER:

FSMB admits that Plaintiff purports to seek the relief stated in paragraph 3 but denies that he is entitled to the relief sought or any relief in this action.

4. Plaintiff further respectfully requests declaratory relief, statutory penalties and compensatory damages, including treble damages, in an amount according to proof pursuant to Cal. Civil Code § 52 as well as an award of attorney's fees pursuant to the ADA/ADAAA and Cal. Civil Code § 52.

ANSWER:

FSMB admits that Plaintiff purports to seek the relief stated in paragraph 4 but denies that he is entitled to the relief sought or any relief in this action.

JURISDICTION AND VENUE

5. This Court has subject matter jurisdiction over this action under 28 U.S.C. §§ 1331, 1343 and 42 U.S.C. § 12188 for claims arising under the ADA/ADAAA. This Court also has supplemental jurisdiction over Plaintiff's state law claims arising under California's Unruh Civil Rights Act pursuant to 42 U.S.C. § 1367.

ANSWER:

The allegations in paragraph 5 are legal conclusions that FSMB is not required to admit or deny, but if so required, FSMB denies that the Court has subject matter jurisdiction based on federal question jurisdiction because Plaintiff's ADA claim is moot, and states that Plaintiff has not alleged in the FAC either the existence of diversity jurisdiction under 28 U.S.C. § 1332 or facts sufficient to support diversity jurisdiction under 28 U.S.C. § 1332.

6. Venue is proper in this District, pursuant to 28 U.S.C. § 1391. The Defendants are private organizations that do business in the State of California and provide their services in this District. Defendants have frequent, continuous, and systematic contacts with the State of California and this District through the administration and provision of the USMLE in this District sufficient to confer personal jurisdiction over Defendants. Moreover, a substantial part of

the acts or omissions giving rise to this Action occurred in this District by reason of the events that occurred on June 29-30, 2020 as more specifically pleaded herein.

ANSWER:

The allegations in paragraph 6 constitute legal conclusions that FSMB is not required to admit or deny, but if so required, FSMB denies that a substantial part of the acts or omissions giving rise to this action occurred in this District and denies that it has frequent, continuous, and systematic contacts with the State of California and this District through the administration and provision of the USMLE in this District sufficient to subject FSMB to general personal jurisdiction in California, but states that it is not contesting venue in this action.

INTRA-DISTRICT ASSIGNMENT

7. Pursuant to Civil Local Rule 3-2(c), (d), assignment of this action is proper to either the San Francisco, California Division or Oakland, California Divisions.

ANSWER:

The allegations in paragraph 7 constitute legal conclusions that FSMB is not required to admit or deny, but if so required, FSMB states that it is not challenging assignment of this action to this Division.

PARTIES

8. Plaintiff is, and at all times mentioned herein was, an individual with one or more learning or developmental disabilities as more specifically pleaded herein who resides within the County of Los Angeles, State of California.

ANSWER:

FSMB is without knowledge or information specific to form a belief as to the truth of the allegations in paragraph 8 regarding Plaintiff's residence and therefore denies them. FSMB denies that Plaintiff is an individual with a disability.

9. Defendant NBME is a not-for-profit organization headquartered in Philadelphia, Pennsylvania and organized under the laws of the District of Columbia. NBME jointly administers the USMLE, a nationwide licensure examination for physicians and surgeons along

1 with Defendant FSMB. NBME is responsible for processing requests for accommodations by
 2 disabled applicants such as Plaintiff who wish to take the USMLE in the State of California. In
 3 this capacity, NBME has frequent, continuous, and systematic contacts, and does business in, the
 4 State of California where the USMLE is administered.

5 **ANSWER:**

6 FSMB admits the allegations in the first sentence of paragraph 9 on information and
 7 belief. FSMB denies the allegations in the second sentence of paragraph 9, and states that it
 8 co-owns the USMLE with NBME, it jointly administers the USMLE program with NBME,
 9 and the USMLE exam at issue here (the USMLE Step 3 exam) is administered by a third-
 10 party vendor. In response to the allegations in the third sentence of paragraph 9, FSMB
 11 admits that NBME processes and decides requests for disability-based testing
 12 accommodations on the USMLE, including requests from individuals who test in California,
 13 but denies that Plaintiff is a “disabled applicant.” FSMB admits that it does business in
 14 California but denies the remaining allegations in the fourth sentence of paragraph 9.

15 10. Defendant FSMB is a national, not-for-profit organization headquartered in Euless,
 16 Texas. FSMB represents 71 state medical and osteopathic boards of the United States and its
 17 territories. Together with NBME, FSMB jointly sponsors and administers the USMLE in the
 18 State of California as well as establishes the general policies and guidelines for test-taking that
 19 state medical boards follow as “fellows” of the FSMB, including the number of times an
 20 applicant may take the USMLE as well as what constitutes a passing score for the USMLE. This
 21 includes the Medical Board. In this capacity, FSMB has frequent, continuous, and systematic
 22 contacts, and does business in, the State of California.

23 **ANSWER:**

24 In response to the allegations in the first sentence of paragraph 10, FSMB admits that
 25 its headquarters are located in Euless, Texas, and that FSMB is a not-for-profit organization.
 26 In response to the allegations in the second sentence of paragraph 10, FSMB states that it
 27 represents the 71 state medical and osteopathic regulatory boards — commonly referred to
 28 as state medical boards — within the United States, its territories and the District of

Columbia. In response to the allegations in the third sentence of paragraph 10, FSMB admits that FSMB and NBME jointly sponsor the USMLE, denies that NBME or FSMB administer the USMLE in California, states that the USMLE exams are administered by a third-party vendor, and admits that FSMB and NBME jointly establish general policies and guidelines for the USMLE. FSMB denies that state medical boards are required to follow all of the USMLE guidelines (such as the recommended guideline for passing scores). FSMB is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in the third sentence of paragraph 10 and therefore denies them. The allegations in the fourth sentence of paragraph 10 are vague and therefore denied. FSMB denies the allegations in the fifth sentence of paragraph 10.

FACTUAL ALLEGATIONS

A. Plaintiff's Academic History & Career as a Psychiatrist¹

11. Plaintiff CORNELL WELLS, JR. ("Plaintiff") is a 45-year-old, African-American male and resident of the State of California. He attended Albert Einstein College of Medicine from 2005-2012. He completed his medical residency at California Pacific Medical Center in psychiatry in 2016. In October 2018, Plaintiff was board certified as a psychiatrist.

ANSWER:

FSMB admits, on information and belief, that Plaintiff graduated from Albert Einstein College of Medicine in 2012 and that he was certified in psychiatry by the American Board of Psychiatry and Neurology. FSMB is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in paragraph 11 and therefore denies them.

12. From 2016-2018, Plaintiff worked as a staff psychiatrist at Kaiser Permanente, Southern California Medical Group, where he focused on patients who have been traditional underserved by mental health professionals.

¹ FSMB is without knowledge or information sufficient to form a belief as to whether the allegations in Section A completely and accurately convey "Plaintiff's Academic History & Career as a Psychiatrist."

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in paragraph 12 and therefore denies them.

13. From 2018-December 2019, Plaintiff worked as a psychiatrist for Pacific Coast Psychiatric Associates, a private psychiatric practice.

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in paragraph 13 and therefore denies them.

14. Plaintiff enjoyed serving his patients' needs. Plaintiff had no disciplinary record or negative marks of any kind against his medical license.

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in paragraph 14 and therefore denies them.

B. Plaintiff is a Person With Disabilities That Substantially Limit Major Life Activities Such as Learning, Reading, Concentration, Visual Perception, and Executive Functioning²

15. Throughout his social and academic life, however, Plaintiff has struggled as a person with disabilities. He has a chronic history of reading comprehension, cognitive processing speed, and executive functioning problems. Plaintiff has been diagnosed by a board certified neuropsychologist with a neuro-developmental impairment resulting from being born prematurely and at a very low birth weight ("PT/VLBW"). (See, *Exhibit "A,"* attached hereto and incorporated herein.)

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in the first two sentences of paragraph 15 and therefore denies them. In response to the allegations in the third sentence of paragraph 15, FSMB admits that Plaintiff

² On information and belief, FSMB denies that "Plaintiff is a Person With Disabilities That Substantially Limit Major Life Activities Such as Learning, Reading, Concentration, Visual Perception, and Executive Functioning."

1 attached a 27-page neuropsychological report as Exhibit A to his FAC and that the report
 2 reflects a diagnosis of neurodevelopmental disorder associated with preterm birth and low
 3 birth rate. FSMB is without knowledge or information sufficient to form a belief as to the
 4 truth of the remaining allegations in paragraph 15 and therefore denies them.

5 16. Secondly, Plaintiff also has been diagnosed with ADHD, predominantly
 6 inattentive type. This condition manifests as inattention when Plaintiff is presented with even
 7 ordinary life activities. It is especially impairing when Plaintiff is presented with complex
 8 material or information. (*See, Exhibit "A."*) "Step 3" of the USMLE contains this type of
 9 complex material.

10 **ANSWER:**

11 In response to the allegations in the first sentence of paragraph 16, FSMB admits that
 12 Plaintiff attached a 27-page neuropsychological report as Exhibit A to his FAC and that the
 13 report reflects a diagnosis of Attention Deficit Hyperactivity Disorder Predominantly
 14 Inattentive Type. FSMB is without knowledge or information sufficient to form a belief as
 15 to the truth of the remaining allegations in paragraph 16 and therefore denies them.

16 17. In addition, Plaintiff has been diagnosed with a learning disorder that impairs his
 17 reading comprehension skills as compared to others, another condition that places him at a
 18 disadvantage with tests like "Step 3" of the USMLE. (*See, Exhibit "A."*)

19 **ANSWER:**

20 FSMB admits that Plaintiff attached a 27-page neuropsychological report as Exhibit
 21 A to his FAC and that the report reflects a diagnosis of Specific Learning Disorder with
 22 impairment in reading (reading comprehension). FSMB denies the remaining allegations in
 23 paragraph 17 on information and belief.

24 18. Together, these disabilities substantially impair Plaintiff's language skills,
 25 attention to detail, visuo-perception, and higher order executive functioning abilities. (*See,*
 26 *Exhibit "A."*) These disabilities substantially limit major activities of Plaintiff's life; indeed, they
 27 impair every aspect of his life, even though he has learned to cope with some of the effects.
 28

ANSWER:

FSMB denies the allegations in paragraph 18 on information and belief.

C. The California Medical Board Requires Plaintiff to Re-Take “Step 3” of the USMLE³

19. Through no fault of his own, and due to its own internal mistake, the Medical Board of California (“Medical Board”) discovered in or about March 2019 as a result of a routine audit, that Plaintiff’s medical license had been issued to him in error on July 8, 2014.

ANSWER:

FSMB denies that Plaintiff was issued a medical license in 2014 “through no fault of his own.” On information and belief, Plaintiff was aware that he had not achieved a passing score on the Step 3 exam and therefore was presumptively aware that he was not qualified for licensure in the State of California. FSMB is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in paragraph 19, and therefore denies them.

20. Plaintiff believed he had successfully met the criteria to practice medicine in the State of California because he was issued a medical license from the Medical Board. However, in March 2019, Plaintiff was informed by the Medical Board he had actually failed the final portion of the USMLE. The USMLE is a national physicians’ and surgeons’ standardized examination consisting of three parts, called “Steps.” The final “step” is referred to as “Step 3.” Successfully passing all three “steps” of the USMLE is a prerequisite to practicing medicine in California.

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in the first two sentences of paragraph 20 and therefore denies them; FSMB notes, however, on information and belief that Plaintiff was aware that he had not passed the Step 3 exam and therefore knew or should have known that he had not successfully met the criteria to practice medicine in the State of California. FSMB denies the allegations in the third sentence of

³ FSMB is without knowledge or information sufficient to form a belief as to whether the allegations in Section C completely and accurately reflect Plaintiff’s interactions with the California Medical Board.

1 paragraph 20 as stated and states that the USMLE is a three-step examination for medical
2 licensure in the United States. FSMB admits the allegations in the fourth sentence of paragraph
3 20 and admits the allegations in the fifth sentence of paragraph 20 on information and belief.

4 21. Until July 1, 2021, an applicant may have six attempts to pass “Step 3” of the
5 USMLE. On July 1, 2021, FSMB will institute a policy where applicants may only attempt “Step
6 3” four times in total. When Plaintiff was advised by the Medical Board in March 2019 that he
7 did not pass “Step 3,” he had already attempted “Step 3” on two, prior occasions: April 15, 2014
8 and June 1, 2014.

9 **ANSWER:**

10 FSMB admits the allegations in the first sentence of paragraph 21. FSMB denies the
11 allegations in the second sentence of paragraph 21 as stated, and states that, effective July 1,
12 2021, the USMLE program is reducing the total number of times an examinee may attempt
13 the same Step examination, from six (6) to four (4) attempts. FSMB admits that Plaintiff sat
14 for Step 3 on April 15, 2014 and June 1, 2014. FSMB is without knowledge or information
15 sufficient to form a belief as to the truth of the remaining allegations in the third sentence of
16 paragraph 21 and therefore denies them; FSMB also notes, on information and belief, that
17 Plaintiff was aware that he did not pass the Step 3 exam in 2014, well in advance of
18 allegedly being “advised” of this fact by the California Medical Board in 2019.

19 22. Plaintiff was further informed by the Medical Board that his license would remain
20 active, pending Plaintiff successfully re-taking “Step 3” as soon as possible.

21 **ANSWER:**

22 FSMB is without knowledge or information sufficient to form a belief as to the truth
23 of the allegations in paragraph 22 and therefore denies them.

24 23. On April 15, 2019, Plaintiff notified the Medical Board in writing that he would
25 need to request accommodations to take “Step 3” because of ADHD from NBME. After some
26 back and forth communications, it was agreed that Plaintiff could re-take “Step 3” on October 23,
27 2019.

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in paragraph 23 and therefore denies them.

D. Plaintiff's Requests for Reasonable Accommodations⁴

1. *Plaintiff's First Request for Reasonable Accommodations is Denied by NBME and FSMB⁵*

24. On April 25, 2019, Plaintiff submitted documentation to NBME requesting disability accommodations, including a personal statement, testing scores, and a neuropsychological testing report.

ANSWER:

FSMB admits on information and belief that Plaintiff submitted documentation to NBME, which included an accommodation request form, a document entitled Psychoeducational Evaluation Report, a personal statement, and certain testing scores, but denies on information and belief that his accommodation request was initially submitted on April 25.

25. On May 2, 2019, Dr. Mary S. Kelly, clinical psychologist, and Director of Academic Support and Counseling at Albert Einstein School of Medicine, submitted documentation demonstrating Plaintiff had received disability accommodations for test taking while he was in medical school.

ANSWER:

FSMB admits on information and belief that NBME received a Certification of Prior Test Accommodations dated May 2, 2019, over the name and typed signature of Mary S. Kelly, Ph.D., reporting that Plaintiff received 50% extra testing time and a private location for all exams and quizzes. FSMB is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in paragraph 25, and therefore denies them.

⁴ FSMB denies on information and belief that Plaintiff is entitled to accommodations on the USMLE.

⁵ FSMB denies on information and belief that Plaintiff is entitled to accommodations on the USMLE and denies that the FSMB was involved in the accommodation decision.

26. On May 10, 2019, Plaintiff was informed that his request was under review by Jennifer Cohen, secretary at NBME's Disability Services department.

ANSWER:

FSMB denies the allegations in paragraph 26 on information and belief.

27. On July 9, 2019, Dr. Lucia McGeehan, Ph.D. and NBME's Disability Assessment Analyst, denied Plaintiff's request for accommodations, stating:

*"Your documentation does not reflect a record of chronic and pervasive problems managing daily demands for attention, concentration, or organization that has substantially impacted your functioning in school, work, social, or other domains." (See, **Exhibit "B,"** attached hereto and incorporated herein, emphasis added.)*

ANSWER:

FSMB admits on information and belief that NBME denied Plaintiff's request for testing accommodations by letter dated July 9, 2019, and admits on information and belief that Plaintiff accurately quotes one sentence from the two-page, single-spaced letter in paragraph 27.

28. This statement, of course, does not apply the correct standard for determining whether a person is a person with a disability as required under the ADA/ADAAA or California's Unruh Civil Rights Act, both of which apply to Defendants.

ANSWER:

The allegations in paragraph 28 are based on incorrect characterizations and are denied.

29. Ms. McGeehan goes on to write:

*"We will advise the Federation of State Medical Boards (FSMB) Assessment Services to process your exam application without test accommodations." (See, **Exhibit "B,"** emphasis added.)*

ANSWER:

FSMB admits on information and belief that Plaintiff accurately quotes one sentence from the two-page, single-spaced letter in paragraph 29.

2. *Plaintiff Requests an Appeal of the Denial of Reasonable Accommodations, But His Second Request is Also Denied*⁶

30. Plaintiff timely requested an appeal to review the denial of disability accommodations.

ANSWER:

In response to the allegations in paragraph 30, FSMB admits on information and belief that Plaintiff timely sought reconsideration of the decision denying his request for testing accommodation.

31. On July 20, 2019, Plaintiff submitted a new personal statement to NBME and a letter of diagnosis from Dr. Gerald Baltz, a certified psychiatric nurse practitioner with over 10 years of experience. Dr. Baltz's letter demonstrated a pervasive pattern of disability impairment throughout Plaintiff's life across multiple domains of living. Dr. Baltz's based this diagnosis on his expertise as well as the fact he had been treating Plaintiff for ADHD since May 2019. In reaching his conclusions, Dr. Baltz reviewed Plaintiff's full medical history as well as the psychometric testing conducted by Dr. Kelly when Plaintiff was in medical school. Dr. Baltz wrote to NBME:

*"I can definitively state that Dr. Wells carries a diagnosis of ADHD, primarily inattentive presentation, and has carried this diagnosis since childhood." (See, **Exhibit "C,"** attached hereto and incorporated herein, emphasis added.)*

ANSWER:

In response to the allegations in the first sentence of paragraph 31, FSMB denies on information and belief that NBME received any communication from Dr. Wells on July 20, 2019, and admits on information and belief that Plaintiff submitted a letter to NBME dated July 20, 2019, over the name Gerald Baltz, DNP, PMHNP-BC, Doctor of Nursing Practice, Board Certified Psychiatric & Mental Health Nurse Practitioner. FSMB is without knowledge or information sufficient to form a belief as to the truth of the remaining

⁶ On information and belief, FSMB denies that NBME has an "appeals" process for accommodation decisions, admits that Plaintiff sought reconsideration of NBME's decision denying his request for accommodations, admits that NBME denied the reconsideration request, and denies that Plaintiff is entitled to testing accommodations.

1 allegations in the first sentence of paragraph 31, and therefore denies them. FSMB denies
 2 the allegations in the second sentence of paragraph 31, on information and belief. FSMB
 3 admits that, in the fifth sentence of paragraph 31, Plaintiff accurately quotes from the
 4 document attached as Exhibit C to the FAC. FSMB is without knowledge or information
 5 sufficient to form a belief as to the truth of the remaining allegations in paragraph 31, and
 6 therefore denies them.

7 32. On August 19, 2019, Catherine Farmer, Psy.D. and Director of Disability Services
 8 for NBME, wrote to Plaintiff denying his request for disability accommodations for a second
 9 time. This time, instead of applying a “chronic and pervasive” standard, NBME claimed it
 10 undertook “an individualized review of [Plaintiff’s] request, but took issue with Dr. Baltz’s
 11 qualifications, writing:

12 *“Supporting documentation submitted from qualified professionals*
 13 *is a necessary part of any request for accommodations and is*
 14 *carefully reviewed by NBME. Though not required to defer to the*
 15 *conclusions or recommendations of an applicant’s supporting*
 16 *professional, we carefully consider the recommendation of*
qualified professionals made in accordance with generally accepted
diagnostic criteria and supported by reasonable documentation.”
*(See, **Exhibit “D,”** attached hereto and incorporated herein,*
emphasis added.)

17 **ANSWER:**

18 FSMB admits on information and belief that NBME denied Plaintiff’s request for
 19 reconsideration by letter dated August 19, 2019, signed by Catherine Farmer, Psy.D.,
 20 Director, Disability Services and that Plaintiff accurately quotes two sentences from this
 21 letter, except that he omits the word “the” before NBME in the first sentence. FSMB denies
 22 the characterizations of this letter and NBME’s prior decision letter in paragraph 32 on
 23 information and belief, and therefore denies the remaining allegations in paragraph 32.

24 33. Put in plain terms, NBME concluded Dr. Baltz was merely a “supporting
 25 professional,” not a “qualified professional,” and NBME is not required to defer to a “supporting
 26 professional” simply because he concludes an applicant has a disability warranting
 27 accommodations.
 28

ANSWER:

FSMB denies the allegations in paragraph 33, on information and belief.

34. Of course, at no point during this process, did NBME actually interview Plaintiff, nor was Plaintiff examined or tested by any “qualified professional” affiliated or associated with NBME or FSMB to determine if Plaintiff had ADHD or any other disabilities that might warrant accommodations, despite the supposed “individualized review” NBME claims it conducted. Moreover, in the second denial, NBME did not specify how it was that Plaintiff’s documents was not “reasonable.”

ANSWER:

In response to the allegations in the first sentence of paragraph 34, FSMB admits on information and belief that NBME did not interview Plaintiff and admits that Plaintiff was not examined or tested by anyone “affiliated or associated” with FSMB or, on information and belief, NBME, but denies that an interview, examination, or testing by NBME or FSMB was required and therefore denies the remaining allegations in the first sentence of paragraph 34. FSMB denies the allegations in the second sentence of paragraph 34.

35. NBME is already subject to a Settlement Agreement with the United States Department of Justice (“DOJ”) in a matter involving USMLE applicant Frederick Romberg (the “Settlement Agreement”). The Settlement Agreement is referenced on the USMLE website. (*See, Exhibit “E,”* attached hereto and incorporated herein.)

ANSWER:

In response to the allegations in paragraph 35, FSMB admits on information and belief that NBME entered into a settlement agreement relating to Frederick Romberg with the United States, acting through the United States Department of Justice, and that the agreement was accessible by way of the USMLE website. FSMB denies the remaining allegations in paragraph 35.

36. Under the terms of the Settlement Agreement, which is public record in DJ #202-16-181, the DOJ found that NBME had wrongfully denied disability test-taking accommodations

on Step 1 and Step 2 of the USMLE to application Frederick Romberg. Among other terms, NBME agreed as follows:

*“12. NBME shall provide reasonable testing accommodations to persons with disabilities who seek to take the USMLE, in accordance with the requirements of 42 U.S.C. § 12189 and the implementing regulations, 28 C.F.R. § 36.309.” (See, **Exhibit “F,”** attached hereto and incorporated herein, emphasis added.)*

ANSWER:

FSMB admits that the Settlement Agreement states that the Department of Justice concluded that the examinee in that case had submitted sufficient documentation to demonstrate that he is a person with a disability within the meaning of the ADA and that he was entitled to reasonable testing accommodations to take the USMLE, but FSMB denies the characterization of this statement in the Settlement Agreement in the first sentence of paragraph 36. FSMB admits that Plaintiff accurately quotes paragraph 12 of the Settlement Agreement in the second sentence of paragraph 36.

37. Moreover, the Settlement Agreement provides:

*“13. NBME’s requests for documentation shall be reasonable and limited to documentation that establishes (a) the existence of a physical or mental impairment; (b) whether the applicant’s impairment substantially limits one or more major life activities within the meaning of the ADA; and (c) whether and how the impairment limits the applicant’s ability to take the USMLE under standard conditions. See, 28 C.F.R. Part 36, App. B, at 737 (2010).” (See, **Exhibit “F,”** emphasis added.)*

ANSWER:

FSMB admits that Plaintiff accurately quotes from paragraph 13 of the Settlement Agreement in paragraph 37.

38. The Settlement Agreement goes on to state:

*“14. NBME will carefully consider the recommendation of qualified professionals who have personally observed the applicant in a clinical setting and have determined – in their clinical judgment and in accordance with generally accepted diagnostic criteria, as supported by reasonable documentation – that the individual is substantially limited in one or more major life activities within the meaning of the ADA...” (See, **Exhibit “F,”** emphasis added.)*

ANSWER:

FSMB admits that Plaintiff accurately quotes from part of paragraph 14 of the Settlement Agreement in paragraph 38, but states that he omits the following language: “and needs the requested test accommodations in order to demonstrate his or her ability and achievement level.”

39. Finally, and significantly, the Settlement Agreement makes clear that while NBME is “not required to defer to the conclusions or recommendations of an applicant’s supporting professional”:

*“[NBME must provide an explanation for declining to accept those conclusions or recommendations. (See, **Exhibit “F,”** ¶ 17, lines 5-8.)*

ANSWER:

FSMB denies that Plaintiff accurately quotes from part of a sentence in paragraph 17 of the Settlement Agreement in paragraph 39, and states that Plaintiff’s characterization of this language as “significant” is vague and FSMB therefore denies that allegation.

40. At no point did NBME abide by its obligations under either the ADA or the Unruh Civil Rights Act with regard to Plaintiff’s request for disability accommodations, nor did it comply with the terms of the Settlement Agreement with the DOJ. It rejected, not once but twice, documentation from qualified professionals demonstrating prior disability accommodations as well as a disability entitled to accommodations under the ADA/ADAAA. On the second rejection, NBME failed to provide a sufficient explanation for why it was denying Plaintiff’s second request for disability accommodations, other than stating its right not to have to defer to Plaintiff’s “supporting professional.” NBME failed to provide Plaintiff with any indication for why his documentation was not “reasonable.”

ANSWER:

FSMB denies the allegations in paragraph 40.

E. Plaintiff Attempts to Re-Take “Step 3” Without Accommodations on October 22-23, 2019 But Fails to Pass

41. Feeling he had no other alternative and exhausted his ability to obtain disability accommodations, needing to study for “Step 3” of the USMLE, and with the October 22-23, 2019 test-taking date rapidly approaching, Plaintiff reluctantly decided he would attempt to take “Step 3” without any accommodations. Plaintiff sat for “Step 3” of the USMLE on October 22-23, 2019, his third attempt.

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in the first sentence of paragraph 41, and therefore denies them. FSMB admits the allegations in the second sentence of paragraph 41.

42. On November 13, 2019, Plaintiff was notified that he failed “Step 3” of the USMLE. He was further notified that his license had to be placed on inactive status by December 24, 2019. The Medical Board was also notified, and on November 25, 2019, Christina Thomas, Licensing Manager, emailed a letter to Plaintiff dated November 25, 2019 outlining his options. (*See, Exhibit “G,”* attached hereto and incorporated herein.)

ANSWER:

FSMB admits, on information and belief, that Plaintiff was sent a letter dated November 25, 2019, from Christina Thomas, Licensing Manager for the Medical Board of the State of California, and that a copy of this letter is attached to Plaintiff’s FAC. FSMB is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in paragraph 42, and therefore denies them.

43. According to rules promulgated by FSMB, Plaintiff could not take “Step 3” before a six-month waiting period. The Medical Board’s Interim Executive Director, Christine J. Lally, wrote a letter on Plaintiff’s behalf to FSMB requesting Plaintiff be permitted to re-take “Step 3” of the USMLE prior to the end of the six-month waiting period. (*See, Exhibit “H,”* attached hereto and incorporated herein.)

ANSWER:

The allegations in the first sentence of paragraph 43 are vague, but FSMB admits that Plaintiff was required to wait at least six months to retake the Step 3 examination pursuant to a USMLE program policy, given that he had already failed the test three times. FSMB admits the allegations in the second sentence of paragraph 43, on information and belief.

44. The Medical Board's letter was forwarded to the USMLE Secretariat. On December 23, 2019, the Secretariat's office, a division of NBME, refused by email communication to the Medical Board and Plaintiff to permit Plaintiff to sit for "Step 3" of the USMLE prior to the end of the six-month waiting period. (*See, Exhibit "I,"* attached hereto and incorporated herein.)

ANSWER:

FSMB admits the allegations in the first sentence of paragraph 44 on information and belief. FSMB denies the allegations in the second sentence of paragraph 44 as stated, and states that the December 23, 2019 email from Nicole Miller, Program Manager, USMLE Secretariat, indicated that the USMLE Secretariat was unable to approve the California Medical Board's request for an exemption from the policy regarding the timing of retakes.

F. Plaintiff Places His License on Inactive Status & Loses His Job⁷

45. On December 24, 2019, Plaintiff placed his medical license on inactive status. This made Plaintiff ineligible for employment as a psychiatrist. Plaintiff took a leave of absence from his job and was ultimately let go from his employment. He has been unemployed in his chosen field of psychiatry ever since Christmas Day of 2019.

ANSWER:

In response to the allegations in the first sentence of paragraph 45, FSMB admits on information and belief that Plaintiff does not currently have an active medical license in California and that Plaintiff voluntarily cancelled his license. FSMB is without knowledge

⁷ FSMB admits, on information and belief, that Plaintiff voluntarily cancelled his license, and is without knowledge or information sufficient to form a belief as to whether Plaintiff lost his job.

1 or information sufficient to form a belief as to the truth of the remaining allegations in
2 paragraph 45 and therefore denies them.

3 **G. Plaintiff Sits Again for “Step 3” on June 29-30, 2020, Again Without**
4 **Accommodations, and Again Fails “Step 3”**

5 46. Plaintiff attempted again to re-take “Step 3” of the USMLE at the next opportunity
6 on June 29-30, 2020. This attempt was, once again, without accommodations from either NBME
7 or FSMB.

8 **ANSWER:**

9 In response to the allegations in paragraph 46, FSMB admits that Plaintiff took the
10 Step 3 examination on June 29-30, 2020, and tested without accommodations. The
11 allegation regarding “the next opportunity” is vague and therefore denied.

12 47. Due to COVID19 restrictions, the “Step 3” exam was offered in San Francisco,
13 California, which is within this Judicial District. Plaintiff traveled from Los Angeles to San
14 Francisco in order to re-take “Step 3” in a room along with approximately 15 other people, not all
15 of whom were necessarily taking the USMLE. The room was set up for proctored examinations
16 of various kinds, and it constituted a highly distracting and disabling atmosphere for taking a test
17 by someone with Plaintiff’s particular disabilities.

18 **ANSWER:**

19 In response to the allegations in the first sentence of paragraph 47, FSMB admits that
20 San Francisco, California is within the Northern District of California. The remaining
21 allegations in the first sentence of paragraph 47 are vague and denied on that basis. FSMB
22 is without knowledge or information sufficient to form a belief as to the truth of the
23 allegations in the second sentence of paragraph 47, and therefore denies them. FSMB
24 denies the allegations in the third sentence of paragraph 47.

25 48. Plaintiff was informed on July 15, 2020 that he failed “Step 3” again. This was
26 Plaintiff’s fourth attempt at passing “Step 3.”
27
28

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in the first sentence of paragraph 48, and therefore denies them. FSMB admits the allegations in the second sentence of paragraph 48 on information and belief.

H. Plaintiff Submits a Third Request to NBME for Accommodations to Take “Step 3” of the USMLE⁸

49. Subsequently, at the cost of several thousand dollars, on January 20, 2021, Plaintiff submitted a Comprehensive Neuropsychological Evaluation and Report, which is also attached hereto as *Exhibit “A,”* prepared by Dr. Annette Swain, Ph.D., a board certified neuropsychologist who has qualified to testify as an expert witness in numerous courts and jurisdictions on psychological issues and disabilities. Plaintiff also submitted a personal statement.

ANSWER:

FSMB admits on information and belief that Plaintiff submitted a document entitled Comprehensive Neuropsychological Evaluation Report over the name and typed signature of Annette Swain, Ph.D., ABPP-CN on or about January 20, 2021, and admits that a copy of this document is attached as Exhibit A to the FAC. FSMB is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in the first sentence of paragraph 49, and therefore denies them. In response to the allegations in the second sentence of paragraph 49, FSMB denies on information and belief that Plaintiff submitted a “personal statement” in support of this request.

50. Dr. Swain concluded (based on extensive testing and meeting with Plaintiff) that, in addition to ADHD, Plaintiff had a developmental disability that impaired his ability to concentrate as well as executive functioning. Dr. Swain recommended that Plaintiff be accommodated by double testing time and a separate testing room. A Disability Services “Specialist” at NBME acknowledged receipt of Dr. Swain’s report.

⁸ FSMB admits on information and belief that Plaintiff submitted another request for testing accommodations to NBME on or about January 20, 2021.

ANSWER:

FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in the first sentence of paragraph 50, and therefore denies them. FSMB denies on information and belief the allegations in the second sentence of paragraph 50 and states that the written report speaks for itself. In response to the allegations in the third sentence of paragraph 50, FSMB admits on information and belief that an NBME Disability Services Specialist acknowledged receipt of the evaluation report.

51. On March 26, 2021, despite having gone to great lengths and expense to prove his disability, NBME denied Plaintiff's request for accommodations yet again. In her rejection letter, which is attached hereto as *Exhibit "J,"* Catherine Farmer, Psy.D. and Director of Disability Services for NBME, again indicated that an "individual review" had been performed. However, Plaintiff was never interviewed; neither was Dr. Swain.

ANSWER:

FSMB admits that a copy of a March 26, 2021 letter from Catherine Farmer, Psy.D., who on information and belief was Director of Disability Services for NBME, is attached as Exhibit J to Plaintiff's FAC, and that in this letter, Dr. Farmer explained that Plaintiff's request for testing accommodations was denied. FSMB denies the remaining allegations in paragraph 51.

52. Farmer insinuated that Plaintiff had provided misleading information to NBME about the disability accommodations he had received while in medical school. Farmer also seized on certain details to criticize and undermine Dr. Swain's thorough neuropsychological evaluation, which had included a battery of over 21 different tests performed on Plaintiff. Farmer concluded by writing:

"Accommodations are provided when there is documentation of substantial functional impairment as compared to most people, and a rationale to demonstrate that the requested accommodation is appropriate to the setting and circumstance. Your documentation does not demonstrate a substantial limitation in a major life activity as compared to most people in the general population, or that the requested accommodations are an appropriate modification of your USMLE Step 3 test administration."

ANSWER:

In response to the allegations in paragraph 52, FSMB admits that Plaintiff accurately quotes from Dr. Farmer's March 26, 2021 letter and admits that the March 26, 2021 letter discusses inconsistencies in Plaintiff's reporting of accommodations received in medical school. FSMB denies the remaining allegations in paragraph 52, and states that the March 26, 2021 letter speaks for itself.

I. Plaintiff Sat for "Step 3" on June 22, 2021, Without Accommodations and Barely Passed, But This Does Not Undermine His Claims in This Lawsuit⁹

53. Until July 1, 2021, Plaintiff was eligible to attempt to re-take "Step 3" of the USMLE because the current policy promulgated by FSMB allows test applicants six attempts. FSMB changed this policy on July 1, 2021 to reduce the number of exam attempts to four.

ANSWER:

In response to the allegations in the first sentence of paragraph 53, FSMB denies that the referenced policy is "promulgated by FSMB," states that this is a USMLE program policy, and admits the remaining allegations in the sentence. FSMB denies the allegations in the second sentence of paragraph 53, which, among other things, are vaguely worded, and states that pursuant to USMLE program policy, effective July 1, 2021, the total number of attempts allowed per Step examination is four.

54. On June 22, 2021, before the new policy limiting the number of test attempts, Plaintiff again sat for Step 3 of the USMLE without accommodations. The minimum passing score for Step 3 was 198. Plaintiff scored exactly 198, even though he scored the same or lower overall in all categories save one.

⁹ FSMB admits on information and belief that Plaintiff sat for the Step 3 examination on June 22, 2021 without accommodations and passed the test, and states that Plaintiff's claim under the ADA is therefore moot.

ANSWER:

FSMB admits the allegations in the first two sentences of paragraph 54 on information and belief. In response to the allegations in the third sentence of paragraph 54, FSMB admits on information and belief that Plaintiff received a score of 198 and denies the remaining allegations in the sentence, which are vague.

55. The score report Plaintiff received bears the following notation:

“If you tested repeatedly under the same conditions on a different set of items covering the same content, your score would fall within one standard error of the estimate (SEE) of your current score two-thirds of the time. The SEE on this exam is 8 points.”

ANSWER:

FSMB denies on information and belief that Plaintiff accurately quotes from the score report and therefore denies the allegations in paragraph 55.

56. Stated another way, if Plaintiff tested over and over without accommodations on the same Step 3 content, he would likely fail two-thirds of the time. Put bluntly, Plaintiff got lucky on June 22, 2021, but his bare-minimum passing score of 198 does not “accurately reflect [Plaintiff’s] aptitude or achievement level.” Instead, it reflects his disability impairment, which is forbidden by ADAAA regulations. *See*, 28 C.F.R. § 36.309(b)(1)(i).

ANSWER:

FSMB denies the allegations in paragraph 56.

57. Moreover, the mere fact Plaintiff barely passed Step 3 does not render his ADAAA claim moot. In the medical profession, unlike the law, applicants for licensure are required to disclose the number of times they took Step 3 of the USMLE and explain circumstances where it took considerable time to pass Step 3.

ANSWER:

FSMB denies the allegations in the first sentence of paragraph 57. FSMB is without knowledge or information sufficient to form a belief as to the truth of the allegations in the second sentence of paragraph 57, which are generalized across all applicants for medical licensure.

58. In addition, even though Plaintiff was able to sit for the USMLE in June 2021 before FSMB’s policy change on test attempts went into effect, Plaintiff had already exceeded the

number of attempts allowed by the California Medical Board. California only allows four attempts on the USMLE for licensure. Had Plaintiff been granted accommodations when he first requested them, it is highly likely he would have passed Step 3 in time to recover his California medical license.

ANSWER:

In response to the allegations in paragraph 58, and on information and belief, FSMB admits that Plaintiff was able to sit for Step 3 of the USMLE in June 2021, admits this was Plaintiff's fifth attempt at taking the Step 3 examination, and admits, on information and belief, that the California Medical Board limits applicants to four attempts at passing the Step 3 examination. FSMB denies the remaining allegations in paragraph 58.

J. Plaintiff's Prior Two Attempts to Re-Take "Step 3" Without Accommodations Should be Expunged Because Plaintiff Was Entitled to Accommodations on Those Occasions¹⁰

59. Plaintiff was subjected to disability discrimination and a failure to accommodate on each occasion he was required to re-take "Step 3" with accommodations after April 25, 2019; i.e., October 22-23, 2019 and June 29-30, 2020.

ANSWER:

FSMB admits on information and belief that Plaintiff did not receive testing accommodations when he tested in October 2019 and June 2020 and denies the remaining allegations in paragraph 59.

60. On April 25, 2019, Plaintiff notified Defendants that he is a person with a disability, and despite Plaintiff providing more than adequate documentation of his disability, Defendants denied Plaintiff's request for disability accommodations.

ANSWER:

FSMB admits on information and belief that NBME received a request for testing accommodations from Plaintiff, denies on information and belief that the request was sent or

¹⁰ FSMB denies that "Plaintiff's Prior Two Attempts to Re-Take 'Step 3' Without Accommodations Should be Expunged Because Plaintiff Was Entitled to Accommodations on Those Occasions."

complete on April 25, 2019, and admits on information and belief that NBME denied this request. FSMB denies the remaining allegations in paragraph 60, including the allegation that FSMB is involved in any decisions regarding the provision of testing accommodations.

61. Plaintiff should never have been forced to sit for “Step 3” of the USMLE without accommodations once Defendants became aware of his disability. In effect, Defendants’ discriminatory conduct caused Plaintiff to unnecessarily waste two attempts at passing “Step 3” when they knew “Step 3” can only be taken a finite number of times.

ANSWER:

FSMB denies the allegations in paragraph 61.

62. In so doing, Defendants placed Plaintiff at a disadvantage relative to non-disabled test takers because Plaintiff was forced to sit for “Step 3” on two occasions without any accommodations or even a reasonable explanation or communication for why Plaintiff was denied accommodations.

ANSWER:

FSMB denies the allegations in paragraph 62.

FIRST CLAIM FOR RELIEF

**Violation of the Americans with Disabilities Act
(42 U.S.C. § 12181, *et seq.*)¹¹**

63. Plaintiff incorporates by reference each and every allegation contained in the foregoing paragraphs.

ANSWER:

FSMB incorporates by reference its responses to the prior paragraphs.

64. The purpose of the ADA/ADAAA is to prevent discrimination against individuals with a disability in places of public accommodations, commercial facilities, and private entities that offer certain examination and courses related to educational and occupational certification. Defendants are entities subject to and covered by the requirements of Title III of the ADA/ADAAA.

¹¹ FSMB denies that it violated the Americans with Disabilities Act.

ANSWER:

FSMB denies that Plaintiff is fully and accurately paraphrasing the ADA or the ADAAA in the first sentence of paragraph 64, and therefore denies the allegations. FSMB denies the allegations in the second sentence of paragraph 64 as stated, and states that FSMB is subject to a specific provision found in Title III of the ADA, 42 U.S.C. § 12189, as it relates to the USMLE, and denies that FSMB is subject to the “public accommodation” provisions in Title III of the ADA.

65. Congress provided a clear national mandate for the elimination of discrimination against individuals with disabilities when it enacted the ADA and when it amended it to expand its reach in 2008 with the passage of the ADAAA. Such discrimination includes barriers to full integration, independent living, and most significant to this case, equal opportunity for persons with disabilities.

ANSWER:

FSMB denies the allegations in paragraph 65 as stated and refers to the text of the ADA and ADAAA for any statements of purpose, and further denies that “equal opportunity for persons with disabilities” is “significant to this case,” given that Plaintiff has not demonstrated that he is disabled within the meaning of the ADA or ADAAA.

66. In order to comply with the Title III of the ADA/ADAAA, covered entities like Defendants must, among their many obligations:

- Provide goods and services in an integrated setting, unless separate or different measures are necessary to ensure equal opportunity;
- Eliminate unnecessary eligibility standards or rules that deny individuals with disabilities an equal opportunity to enjoy the goods and services of a place of public accommodation;
- Make reasonable modifications in policies, practices, and procedures that deny equal access to individuals with disabilities, unless a fundamental alteration would result in the nature of the goods and services provided;
- Furnish auxiliary aids when necessary to ensure effective communication, unless an undue burden or fundamental alteration would result.

ANSWER:

FSMB denies that it is subject to the “public accommodation” provisions in Title III of the ADA and therefore denies the allegations in paragraph 66.

67. Here, Defendants, with full knowledge that Plaintiff was, and is, a person with disabilities, refused to provide reasonable accommodations for “Step 3” of the USMLE, placing Plaintiff at a distinct and severe disadvantage in the provision and administration of the USMLE relative to non-disabled persons. Defendants conduct violated the ADA/ADAAA, entitling Plaintiff to the injunctive and declaratory relief requested herein, and Plaintiff invokes his statutory right to attorney’s fees and costs.

ANSWER:

FSMB denies the allegations in paragraph 67 and denies that Plaintiff is entitled to the relief sought.

68. By reason of the clear violation of the ADA/ADAAA, Plaintiff has a strong likelihood of success on the merits. Moreover, under the circumstances, Plaintiff will likely suffer irreparable injury if injunctive relief is not granted. In addition, the balance of hardships favors Plaintiff because Defendants will not be put to an undue burden or expense if accommodations are given to Plaintiff. Finally, because of the clear Congressional intent to protect persons with disabilities and provide them with equal opportunity, the public interest favors granting an injunction. (*See, Winter v. Natural Res. Def. Council (Winter)* (2008) 129 S. Ct. 365, 370–87.)

WHEREFORE, Plaintiff prays for Judgment as set forth herein.

ANSWER:

FSMB denies the allegations in paragraph 68 and denies that Plaintiff is entitled to judgment in his favor.

SECOND CLAIM FOR RELIEF

**Violation of California Unruh Civil Rights Act
(Cal. Civil Code §§ 51, 52)¹²**

69. Plaintiff incorporates by reference each and every allegation contained in the foregoing paragraphs.

ANSWER:

FSMB incorporates by reference its responses to the prior paragraphs.

70. California’s Unruh Civil Rights Act, Cal. Civil Code § 51, 52 (“Unruh”) permits a private cause of action for disability discrimination and provides that a plaintiff may obtain statutory penalties, compensatory damages, treble damages, and injunctive relief as well as attorneys’ fees.

ANSWER:

FSMB denies that Plaintiff has fully or accurately paraphrased the Unruh Civil Rights Act in paragraph 70, and therefore denies the allegations.

71. In answering a question certified to it by the 9th Circuit – whether disability discrimination under Unruh must be intentional? – the California Supreme Court answered: No. (*See, Munson v. Del Taco, Inc.* (2009) 46 Cal.4th 661.)

ANSWER:

FSMB denies that Plaintiff is fully and accurately capturing the question certified to the California Supreme Court in *Munson v. Del Taco*, and therefore denies the allegations in paragraph 71.

72. In reaching this conclusion, the *Munson* Court declared that Unruh is “preventive” in nature and must be interpreted broadly so as to effect the intent of the California Legislature, which is to “create and preserve a nondiscriminatory environment in California...by ‘banishing’ or ‘eradicating’ arbitrary, invidious discrimination by [business] establishments.” (*Munson, supra*, 46 Cal.4th at 666.)

¹² FSMB denies that it violated the Unruh Civil Rights Act.

ANSWER:

FSMB denies that Plaintiff is fully and accurately paraphrasing from the decision in *Munson v. Del Taco*, and therefore denies the allegations in paragraph 72.

73. The *Munson* Court also recognized that it is “the intent of the Legislature in enacting [Unruh] to strengthen California law in areas where it is weaker than the Americans with Disabilities Act of 1990...and to retain California law when it provides more protection for individuals with disabilities than the Americans with Disabilities Act of 1990.” (*Munson, supra*, 46 Cal.4th at 668.)

ANSWER:

FSMB denies that Plaintiff is accurately paraphrasing from the decision in *Munson v. Del Taco*, and therefore denies the allegations in paragraph 73.

74. Under California law, a violation of Unruh is *per se* injurious and harm is presumed. (*Koire v. Metro Car Wash* (1985) 40 Cal.3d 24, 33 [219 Cal.Rptr. 133, 707 P.2d 195].) Plaintiff is entitled to three times his actual damages, but in no case less than \$4,000 per violation, even if there are no actual damages. (Cal. Civil Code, § 52(a).) “Actual damages” under Unruh includes both special and general damages. (Cal. Civil Code, § 52(h).)

ANSWER:

FSMB denies that Plaintiff is entitled to any relief, including damages, under the Unruh Act and therefore denies the allegations in paragraph 74.

75. In this case, as more specifically pleaded herein, Defendants have denied Plaintiff reasonable disability accommodations in the taking of “Step 3” of the USMLE, which constitutes disability discrimination. Alternatively or in addition to, Defendants have aided each other, in an unlawful practice, pattern or scheme of denying reasonable accommodations to Plaintiff, which is ongoing and continues to the present day. Finally, Defendants have made an unlawful distinction about the nature and extent of Plaintiff’s disability that led to a denial of reasonable accommodations in the taking “Step 3” of the USMLE.

ANSWER:

FSMB denies the allegations in paragraph 75.

1 76. In so doing, Defendants have discriminated against Plaintiff based on disability,
2 which is conduct prohibited by Unruh.

3 **ANSWER:**

4 FSMB denies the allegations in paragraph 76.

5 77. As pleaded above, Defendants conduct need not be intentional to constitute a
6 violation of Unruh, although Plaintiff alleges that, at all pertinent times, Defendants' conduct was,
7 in fact, intentional.

8 **ANSWER:**

9 FSMB denies that it violated the Unruh Act and denies the allegations in paragraph
10 77.

11 78. Moreover, Defendants have no legitimate grounds for engaging in such unlawful
12 conduct. Defendants have no rational basis upon which to deny Plaintiff reasonable disability
13 accommodations in taking "Step 3" of the USMLE. Defendants have only their own unlawful and
14 discriminatory perceptions of Plaintiff and his disabilities, and the equally unlawful conclusion
15 emanating from those perceptions, which are not based on any empirical evidence.

16 **ANSWER:**

17 FSMB denies that it engaged in unlawful conduct, denies that Plaintiff is entitled to
18 testing accommodations, and denies the allegations in paragraph 78.

19 79. Without ever having examined, tested, or evaluated Plaintiff, Defendants
20 concluded that Plaintiff is not a disabled person entitled to reasonable accommodations under
21 either federal or California law when, in fact, Plaintiff is a person with disabilities entitled to
22 protection under both the ADA/ADAAA and Unruh. Plaintiff is informed and believes, and
23 thereon alleges, that this is Defendants' routine course of conduct.

24 **ANSWER:**

25 FSMB admits that it did not personally examine, test, or evaluate Plaintiff, admits on
26 information and belief that NBME did not personally examine, test, or evaluate Plaintiff and
27 states that neither FSMB nor NBME were required to do so, admits on information and
28

1 belief that NBME concluded that the documentation submitted by Plaintiff did not show that
 2 he is disabled, and denies the remaining allegations in paragraph 79.

3 80. Finally, Plaintiff has on two, prior occasions provided Defendants with sufficient
 4 proof his disability by providing Defendants with copies of evaluations, reports, and diagnoses of
 5 mental health professionals. Despite this proof, and without articulating any undue burden
 6 Plaintiff's request for reasonable accommodations would cause, Defendants have persisted, and
 7 will continue to persist, in denying reasonable accommodations to Plaintiff in taking "Step 3" of
 8 the USMLE, warranting injunctive relief.

9 **ANSWER:**

10 FSMB denies the allegations in paragraph 80.

11 81. Defendants' conduct directly and proximately prevents Plaintiff from restoring his
 12 medical license and returning to the practice of psychiatric medicine in the State of California. In
 13 essence, Defendants' unlawful conduct has erected a discriminatory barrier requiring Plaintiff to
 14 take "Step 3" of the USMLE on terms and under conditions that are *different from or not*
 15 *substantially similar* to the terms and conditions under which a nondisabled person would take
 16 "Step 3" of the USMLE. Both the ADA/ADAAA and Unruh forbid this conduct and the
 17 outcome.

18 **ANSWER:**

19 FSMB denies the allegations in paragraph 81.

20 82. As a direct and proximate result of Defendants' refusal to grant reasonable
 21 accommodations to Plaintiff, Plaintiff has suffered, and will continue to suffer, economic and
 22 noneconomic damages in the form of lost income from the practice of psychiatric medicine as
 23 well as severe emotional distress, humiliation, embarrassment, worry, and general damages, all in
 24 an amount to be proven at the time of trial.

25 WHEREFORE, Plaintiff prays for Judgment as set forth herein.

26 **ANSWER:**

27 FSMB denies the allegations in paragraph 82 and denies that Plaintiff is entitled to
 28 judgment in his favor.

THIRD CLAIM FOR RELIEF

Declaratory Relief

83. Plaintiff incorporates by reference each and every allegation contained in the foregoing paragraphs.

ANSWER:

NBME incorporates by reference its responses to the prior paragraphs.

84. An actual controversy has arisen and now exists between the parties in that Plaintiff contends, and is informed and believes that Defendants deny or will deny, that by refusing to grant Plaintiff reasonable accommodations in taking “Step 3” of the USMLE, Defendants have failed to comply with all applicable laws protecting the rights of disabled persons like Plaintiff, including but not limited to Title III of the ADA, 42 U.S.C. §§ 12181, *et seq.* and California’s Unruh Civil Right Act.

ANSWER:

FSMB admits on information and belief that NBME denied Plaintiff’s request for testing accommodations, admits on information and belief that NBME complied with all applicable laws in doing so, denies that Plaintiff is entitled to declaratory relief or any relief, and denies the remaining allegations in paragraph 84.

85. A judicial declaration is necessary and appropriate at this time in order that each of the parties may know their respective rights and duties and act accordingly.

WHEREFORE, Plaintiff prays for Judgment as set forth herein.

ANSWER:

FSMB denies that Plaintiff is entitled to declaratory relief or any relief, denies the remaining allegations in paragraph 85, and denies that Plaintiff is entitled to judgment in his favor..

The remaining allegations in Plaintiff’s FAC constitute a Prayer for Relief as to which no responsive pleading is required, but FSMB denies that Plaintiff is entitled to the relief sought or any relief in this action.

1 **ALL ALLEGATIONS NOT SPECIFICALLY ADMITTED HEREIN ARE**
 2 **DENIED.**

3 **AFFIRMATIVE DEFENSES**

4 1. Plaintiff does not have Article III standing to pursue his claims against FSMB, and
 5 this Court therefore lacks subject matter jurisdiction over Plaintiff's claims against FSMB. As
 6 Plaintiff admits in paragraph 9 of his FAC, NBME is responsible for processing requests for
 7 accommodations by individuals seeking accommodations on the USMLE. Plaintiff was not
 8 injured by FSMB and his alleged injuries are not redressable by FSMB.

9 2. Plaintiff's claims are barred by the statute of limitations to the extent they are
 10 based on any actions taken by NBME and/or FSMB outside the limitations period.

11 3. Plaintiff's claims are barred, in whole or in part, by the doctrine of unclean hands.
 12 On information and belief, Plaintiff was aware that he had not passed Step 3 at the time he was
 13 granted a license to practice in California, but he failed to raise this fact with the Medical Board
 14 of California and proceeded to practice medicine, knowing that he had not satisfied all criteria for
 15 licensure. Plaintiff now seeks injunctive relief requiring "expungement" of two of his prior Step
 16 3 results, contrary to testing policies that were put into place to protect the integrity of the exam
 17 and support medical licensing authorities.

18 4. Plaintiff's claims are barred, in whole or in part, by the doctrine of laches. On
 19 information and belief, Plaintiff was aware that he had not passed Step 3 after he tested in 2014.
 20 Plaintiff could have retaken the test at that time and sought testing accommodations, but instead,
 21 he proceeded to practice medicine despite knowing that he had not satisfied all criteria for
 22 licensure. He is now seeking injunctive relief requiring "expungement" of two of his prior Step 3
 23 results, contrary to testing policies that were put into place to protect the integrity of the exam and
 24 support medical licensing authorities. Plaintiff unreasonably delayed in asserting his alleged right
 25 to test with accommodations, to the prejudice of NBME and, to the extent that he is improperly
 26 pursuing his testing accommodation-related claim against FSMB, to the prejudice of FSMB.

27 5. Plaintiff's request for compensatory damages is barred or limited by his failure to
 28 mitigate damages by promptly notifying the Medical Board of California that he was not, in fact,

entitled to be licensed to practice medicine in California because of his failure to pass the Step 3 exam; and by other actions or inactions after his license was suspended.

6. Plaintiff's claim under Title III of the ADA is moot, and the Court therefore lacks subject matter jurisdiction over this claim, given that Plaintiff has now passed Step 3 of the USMLE and there is no preventive relief that the Court can properly award under the statute.

FSMB presently has insufficient knowledge or information on which to form a belief as to whether it may have additional affirmative defenses available. FSMB reserves the right to assert additional affirmative defenses in the event discovery or further analysis indicates that additional unknown or unstated affirmative defenses are applicable.

WHEREFORE, FSMB prays for judgment as follows:

1. That Plaintiff take nothing and be denied all relief requested in his FAC;
2. That Plaintiff's FAC be dismissed with prejudice on the merits;
3. That FSMB recover its fees and costs incurred herein; and
4. That FSMB be awarded such other and further relief as the Court deems just and proper.
